

COVID STATEMENT - August 2021

Lichfield Storytellers is planning to hold live events again starting in September 2021 after 12 months of operating solely Online via Zoom.

We have embarked on a new relationship in a new airy and spacious venue:

Martin Heath Hall

Christchurch Lane

Lichfield. WS13 8AY

Although we have seen the legal end of social distancing and the wearing of face masks, as well as other restrictions, we think it is important to keep ourselves, our storytellers and our audience members as safe as we can during these uncertain times.

Consequently, we will:

- 1/spread out and leave as much distance between "group bubbles" and each other as possible at the venue.
- 2/encourage the wearing of a face mask depending on numbers attending.
- 3/weather and comfort permitting, ventilate the building by opening windows and external doors.
- 4/maintain a list of attendees who should inform Lichfield Storytellers if they subsequently test positive for Covid.
- 5/continue with the basic cleaning of contact surfaces both before and after each meeting.
- 6/provide ample hand sanitisers and encourage their frequent use.

We will regularly monitor the changing situation with respect to Covid, of course, but, in the meantime, we hope that you will be able to support our efforts to balance the risks and keep us all safe whilst moving towards the more normal activities which we all love to be involved with.

Take care,

The Committee of Lichfield Storytellers
